PRESS RELEASE

MICROPLEX opens new office in the Western United States

The new western office supports MICROPLEX growth in the USA.

Solon Ohio - July 22, 2002

MICROPLEX proudly announced its expansion in the USA, with a new office in Spokane, Washington. The expansion signifies the commitment to future growth in the United States, as well as allows for enhanced sales, support, and services to the western channel partners of MICROPLEX.

“Our presence in the western United States greatly enhances our ability to sell and support through our Channel Partners in this region” according to Andre Fedak, President of MICROPLEX-USA. “This expansion will allow us to better provide printing solutions to our markets and is a sign of our growth and commitment to the US operations.”

Mark Merhab is the Director of the western office and brings with him, over a decade of experience in mid-range production printing environments. The Western office will focus on growing the existing distribution channel and increasing sales through this region. The primary focus of printer products will be in the mid-range continuous form laser printer markets. “We’re all excited about our growth and expansion with the new office. We will continue to provide our market sector with fantastic printer products,” explains Merhab. “Our commitment to the continuous forms laser markets has provided our customers with solid solutions and we will continue to provide new and leading technology offerings in these markets”.

MICROPLEX is a Solon, Ohio, based printer manufacturer and is a leader in continuous form laser printers for mid-range production applications. MICROPLEX’s products are available worldwide through very experienced channel partners and in offices in Germany, France and the USA.
